Saved From The Torch

Bruce Carrick, General Manager of the Delaware Lackawaxen & Stourbridge Railroad in Honesdale, PA, sent this photo, taken in September, of ex-Kiski Junction Railroad 1154. The former CNJ coach was in danger of being scrapped along with the rest of the KJR, but now it will return to active service on The Stourbridge Line rail excursions. For more information on the railroad go to www.thestourbridgeline.net
