Coming to the Everett Railroad

Photo: Jason Lamb's Facebook page via Alan Maples

The Everett Railroad is about to receive two Pullmans from the defunct Fillmore and Western Railway in California. Pictured above is the *Rancho Sespe*, built in 1922, which became Colorado & Southern coach 553 and later the Trinity Valley Railfans *Armstrong Creek*. A second Pullman can be seen on the back page. Read about them in this High Green!
