Making Tracks in Sharon, WV

Chessie member David Saunders writes, “This past Wednesday (5/29), I got a shot of this rail-laying train crossing Dry Branch Road, near Sharon, WV. MoW and coal trains are the only traffic on this branch.” The locomotive is CSX 8853, an EMD SD40-2 built in July 1979 as Conrail 6494 with frame number 786193-12.
