Alex Mayes captured the Washington Chapter, NRHS excursion titled the *Western Maryland Flyer* enroute to Cumberland to ride the Western Maryland Scenic Railroad on November 12, 2005. Alex writes, "The Western Maryland Flyer rolls across Kessler's Bridge after exiting Graham Tunnel on CSX's Magnolia Cutoff at Magnolia, WV. On the head end of the eight-car consist are MARC GP40WH-2s Nos. 61 and 65; on the rear end is GP40WH-2 No. 58. The train is crossing the Potomac River, leaving Maryland and entering West Virginia."
