Bob Thompson Leads The Way!

Photo Source: Bob Thompson

On Saturday, April 30, Chessie members Bob Thompson (right) and Justin Ralston (left) rode Bob's speeder during an excursion over the West Chester Railroad in Pennsylvania. Bob notes that "Ed Thornton and two of his crew supervised. Nice self-serve picnic lunch in the park at Glens Mills end of the run. Some stayed for an afternoon run and potential night run. There were nine speeders plus my peddler. A fine group of folks out doing what they love. One of the riders was Dizzy Dean, President of the Northern Central NARCOA."
